Dear Mr. Wilson:

This letter is to notify you that EPA approves of the Remedial Design for the Source Area 7 Leachate Collection System for the Southeast Rockford Groundwater Contamination Site in Rockford, Illinois. EPA has reviewed the Remedial Design, submitted to Illinois EPA by your contractor on December 10, 2012. EPA approves of that document and considers Remedial Design of the Source Area 7 remedy complete.

Congratulations on the successful completion of Remedial Design. I look forward to our working together to complete the remaining Remedial Actions for Source Area 7.

Sincerely,
